

### Licensed Clinical Professional Counselor (LCPC)

Hope House is seeking a Licensed Clinical Professional Counselor (LCPC). The LCPC must have experience in an addiction recovery and rehabilitation setting. The Licensed Clinical Professional Counselor will be a member of the clinical counseling team; therefore the candidate must be fully licensed with the state of Maryland.

The Licensed Clinical Professional Counselor will be working in an addiction setting that also works with co-occurring disorders. They will be treating patients with mild to severe mental, emotional, and behavioral problems. The Licensed Clinical Professional Counselor will be working with the clinical team to create a comprehensive, evidence based treatment plan with influences from other functional clinical teams. The Licensed Clinical Professional Counselor will also facilitate individual and group sessions.

Hope House is looking for professionally minded individuals that will uphold our corporate values including unconditional kindness and professionalism. We have been in business for over thirty years experiencing continual growth and name recognition in the field of drug and addiction rehabilitation.

For immediate consideration please forward a resume and cover letter with your salary requirements to [HR@hopehousemd.org](mailto:HR@hopehousemd.org). Or please the Human Resources Department at 410-923-6700
